## **"Sue Your Boss"**

California's new "Sue Your Boss" law allows employees and former employees to sue for *any* violation of the California Labor Code, and to pocket civil penalties and collect attorney's fees. Businesses are *already* being sued under the law, and labor attorneys are looking to find new ways to file claims. The law became effective January 1, 2004. We are offering what we believe to be the most extensive resource devoted to the new law.
